

JOB DESCRIPTION

Secondary School Physics Teacher

Position

Secondary School Physics Teacher

Reports to

Secondary School Principal

Starting Salary

Competitive and based on the offered candidate's experience and qualifications.

Purpose

Rabat American School (RAS) seeks a dynamic, collaborative, experienced Science teacher of IBDP Physics and high school general science. RAS Science curriculum is based on Next Generation Science Standards/U.S. Common Core.

RAS learning culture is committed to fostering belonging and personal growth; seeking authentic and real-world learning opportunities and empowering learners to take action.

Responsibilities and Duties

- Meet or exceed the performance criteria outlined in the "RAS Faculty Handbook".
- Implement the school's Mission, Philosophy and Objectives for Education, as well as the specific objectives in the applicable curriculum areas.
- Remain informed of school developments and policy by reading school publications, web site(s), and attending meetings.
- Work closely with colleagues, to plan cooperatively, develop curriculum and maintain a positive, professional school climate.
- Develop lesson plans, use a variety of instructional strategies, and incorporate a variety of assessment techniques designed to meet the goals and objectives of the school's program and adopted curriculum.
- Maintain regular communication with parents regarding student progress and classroom information through:
 1. parent conferences
 2. report cards
 3. phone calls and email
 4. RAS Learning Platforms

JOB DESCRIPTION

Secondary School Physics Teacher

Responsibilities and Duties (CONT.)

- Encourage parent involvement in school programs, activities or the classroom.
- Provide regular feedback to, and guidance care for students.
- Attend faculty meetings, professional development sessions and committee meetings as appropriate or appointed.
- Actively and cooperatively participate in the teacher evaluation process.
- Perform non-classroom supervision of students as assigned.
- Participate in the After-School Activities (ASA) Program by teaching at least one activity for one "ASA" session during the school year.
- Plan and coordinate the work of instructional aide.
- Establish and maintain positive, cooperative and productive relationships with other members of the faculty, staff, administration, and RAS community.
- Perform other duties as assigned and outlined in the "Faculty Handbook" and/or policies of the school.

Qualifications Required

- BA or BS degree or equivalent; (MA, MS, or M.Ed. preferred).
- Teaching credential or qualification.
- 2 years teaching experience at the secondary school level.
- International teaching experience preferred.
- Experience with instructional planning, inquiry-based learning, differentiated teaching methods, technology integration, and student assessment is required.
